## Projects

March 2020

### REVIEWD

Reviewd brings the top critics in gaming all in one place. It is a review aggregator for video games, collecting reviews from the top publications in gaming such as IGN, GameSpot, Polygon, and Eurogamer. [GitHub](#)

January 2020

### AITA

A social media app for the alumni of colleges under the Directorate of Higher Education, Goa. Built in Java for Smart India Hackathon.

November 2019

### TIA

Developed a centralized web-based ERP solution to manage stock, invoice and customers of any business with an intuitive UI. This system was built for and is actively used by a company based in Kuwait and Dubai. [Github](#)

## Experience

July 2019 - Present

### **PICT ACM Student Chapter (PASC)**

Member of the organizing team of Pulzion-19', the flagship event of India's best ACM Chapter. I worked as designer on posters and videos published on PASC's social media handles.
